Education

New York University, Tandon School of Engineering, New York, NY Expected May 2028
B.S in Integrated Design and Media

Experience

High School and College-Level English Tutor – New York, NY Sept 2023 – Present
- Built 10 individualized learning systems tied to student goals, resulting in stronger academic performance
- Designed adaptive, multi-modal lesson plans that improved comprehension across a range of learning styles

Upon the Palace, Hostess – New York, NY Oct 2025 – Feb 2026
- Coordinated real-time communication between servers, kitchen staff, and management, ensuring smooth operation

Vision School, Grade 1-5 Assistant Teacher, Kindergarten Teacher, Preschool Teacher – Westminster, CA Jun 2025 – Aug 2026
- Designed and facilitated differentiated learning activities for 20+ students across mixed skill levels, developing original visual aids, slide decks, and hands-on materials using Canva to improve engagement and comprehension outcomes
- Curated and organized lesson materials, manipulatives, and digital resources across 5+ subject units, building reusable template systems that streamlined lesson transitions and reduced prep time by an estimated 30%
- Maintained consistent bi-weekly communication with families through progress reports and one-on-one check-ins, tracking student development data to enable timely interventions and foster long-term trust

OCYN Young Nak Church of O.C., Summer Bible Study Organizer and Designer – Orange County, CA Jul 2024 – Jul 2025
- Conceived and produced a 5-day program for 80+ participants, designing themed environmental layouts and coordinating spatial arrangements to create cohesive, immersive daily experiences
- Collaborated with a cross-functional team across logistics, content, and operations, establishing clear communication channels that ensured seamless execution from setup to closeout

Activities

Kappa Phi Lambda Sorority, Secretary, Public Relations Chair – New York, NY Nov 2024 – Present
- Planned and executed recruitment events that resulted in consistent attendance of 50+ participants per event, increasing engagement and interest
- Managed the sorority's social media accounts to promote events and strengthen connections with the community, boosting online engagement and visibility
- Maintained organized documentation systems for meeting notes, calendars, and internal communications, ensuring smooth operations and easy access to information for all members

Korean-American Scientists and Engineers Association, Marketing Lead – New York, NY Aug 2025 – Present
- Led a 10-person marketing team, delegating tasks, setting deadlines, and providing ongoing feedback to maintain consistent output quality, driving a 20% increase in engagement across social media platforms
- Designed and produced flyers, digital assets, and newsletters distributed to 100+ students campus-wide, maintaining a consistent visual identity across print and digital touchpoints

Project: Housing & Innovation, Head of Architectural Design – New York, NY Sep 2024 – Dec 2024
- Monitored and tracked key project milestones and deliverables across all design phases, maintaining living project timelines and scope documentation to ensure on-time completion and alignment with client-informed objectives
- Spearheaded coordination across a 5-member team, delegating tasks and synchronizing progress through structured check-ins to deliver detailed architectural layouts and spatial plans within strict deadlines
- Translated client briefs and feedback into iterative design decisions, refining floor plans, spatial flow, and construction documents across multiple review cycles to meet evolving project goals
- Delivered formal presentations to panels of instructors and peers, synthesizing critique in real time and applying structured revisions to layouts and final construction documents across successive design phases
